

BLACK PROBLEM BOTHERS LABOR Color Question Sprung on the American Federation.

Eckard, of Ala., Makes an Effectual Protest Against Compelling White Unions in the South to Take In Negroes.

Sarantou, Pa., December 12.—Much life was infused into today's proceedings of the convention of the American Federation of Labor...

A motion to have the list printed in the minutes brought President Gompers, who was not in the chair at the time...

The committee's suggestion that the defense fund be raised by national and local unions instead of by the American Federation of Labor, was adopted.

The Negro Question. The negro question came up when the committee on law reported a resolution compelling all local unions affiliated with the federation to join their respective localities...

Charles Eckard, of the Anniston, Ala., Trades Council, made the principal speech in opposition to the resolution. He said the proposition would compel white unions to take in negroes...

Two resolutions were reported on the question of organizing the common laborers and unskilled workmen. The resolutions were recommended to be sent to the executive council with instructions for that body to take the matter and report at the next convention.

BALFOUR IS NO PESSIMIST.

England Not Injured by Trade Victories of Other Nations.

London, December 12.—A. J. Balfour, first lord of the treasury and government leader in the house of commons, referred to foreign trade and competition last night while distributing prizes for technical education at New Cross. Relations Between Chile and Argentina Greatly Strained.

Chilean Answer to Argentina Demand Will Be Given Today. In Both Countries There Is a Movement in Military Circles.

Buenos Ayres, December 12, via Galveston.—The relations between Chile and the Argentine Republic are strained.

Chile has not yet replied to the demand relative to the construction of strategic roads in the litigated territory.

The Chilean answer to this demand will be given tomorrow. The Argentine government believes that the Chilean answer will be satisfactory, but a part of the press doubts this.

In case Chile's reply is not favorable, Argentina will withdraw her minister from Santiago de Chile, and the antecedents and history of the misunderstanding will be forwarded to Great Britain for arbitration.

Chile is busily engaged in buying warships, aiming to surpass the power of Argentina's fleet.

Commercial circles here hope that the influence of the pope will prevent a conflict of arms between the two countries.

Santiago de Chile, December 12.—The Chilean answer to foreign affairs will convey the answer of his government to the minister of the Argentine Republic to Chile tomorrow.

GOT AHEAD OF THE TRUST.

Independent Steel Concerns Buy 20,000,000 Tons of Material.

Cleveland, Ohio, December 12.—Fearing that the iron and steel trust would gobble the supply of iron ores and leave the independent companies in a helpless position, the latter have contracted for upward of 20,000,000 tons of raw material under contracts running for several years.

Since the organization of the United States Steel Corporation there has been considerable talk about the trust buying the property of the outside mines.

To protect themselves the independent turncoats have taken the action noted above. All sales of Mesabi ores are being made at an advance of 25 cents over the prices that ruled this year.

Vice President Gavle, of the United States Steel Corporation, suggested the plan and the independent iron ore owners, as a rule, agreed with him, and the greater part of the deals that have been closed for 1902 were made on that basis.
